How to Secure a Wedding Date

In order to secure a wedding date, you must first contact us to see if the date is available. This can be done by either calling our phone number:

812-208-2538

Or email us at

Preciousmomentspv@ma.rr.com

Filling Out the Contract

Payment

For photography, the deposit is \$200.00. For Videography it is also \$200.00. If you desire both services, the deposit is \$400.00. The deposit(s) can be made with a check or online through our online PayPal Account Via Email:

The deposits are non-refundable; however both the photography & Videography deposit can be used as a credit for up to a year. That way if your plans are cancelled, you can reschedule.

The balance of your wedding photography and/or videography is due on or before the wedding day. Payment again can be made by check or online.

If you wish to pay online, we will make a custom payment button for your balance and email you the link. Call or email us to request the button.

Services that require payment upon receipt of the product(s):

Photo Wedding Invitations & Wedding Montage Slideshows both require payment in full when you receive them.

Usage of the "Negatives"

"Negatives" in this sense means high-resolution files of all the images we take. Most wedding photo packages include these files on DVD(s).

If your package includes the negatives, you will receive a DVD with all of the images on it.

Usage of these negatives includes, and is limited to:

- Copying them to other CDs or DVDs
- Printing them for yourself and others
- Using photo labs to print the images
- Emailing them to friends
- Any non-commercial, personal use.

If your photo lab requires a signed print release we can provide you with a written release.

WE RECOMMEND TAKING YOUR FILES TO Mic's Pics Photo & Digital Solutions. To ensure proper quality and a true Archival Print. Home inkjet printers ARE NOT ARCHIVAL.

How to get your negatives printed

If you are having a lab print your images, please go through your catalog and pick your images. Then copy the specific images from the negatives CD to another CD.

This is advisable for two reasons: 1) You leave your original CDs at home and keep them safe, 2) If the lab has a "kiosk," you won't have to go through the hundreds of images to pick out the ones you want printed.

Time Estimates (Turn-Around Times)

Weddings depend on the season, and should not take longer than a month for you to get your CD(s). Prints take about 2 weeks. Videos can take 4-8 weeks due to the time it takes to edit them.

Total Cost (Estimate):		

Agreement This agreement is between Precious Moments (Photographer) and the "Responsible Party" (Client) as designated below. The Photographer agrees to provide wedding photography at the places, dates, and times specified in the "Wedding Info & Estimate." If, for any reason, he cannot fill that obligation, the Photographer must provide a substitute of his choosing to provide the same service. The \$200.00 non-refundable deposit secures the dates and times for photography. Although the deposit is not refundable, if photography is cancelled, it will remain as a 1-year studio credit toward any photography or prints. The Client agrees to pay the balance of the payment on or before the Wedding Date.

Wedding Photography The photographer will do his best to capture the day in a manner that is pleasing to the clients. The Photographer is not responsible for capturing images that aren't requested. The photographer is experienced and will, by default, seek to organize the wedding party for many of the traditional photographs (as well as spontaneous candid shots as time and circumstances allow). However, weddings involve many unforeseen circumstances that sometimes preclude the taking of certain pictures. These circumstances may include time constraints, late members of the party, late bride or groom, or even the client desiring a shot, but forgetting to ask for it. Because the client is responsible for requesting specific shots, Precious Moments offers a list of possible shots that the client may approve before the event. Even with this list of desired photographs, the client hereby agrees that **they** maintain the responsibility of seeing that any specific photographs are taken. This is done by reviewing the photography list with the photographer on the day of the event, so the client can prioritize photographs as wedding circumstances change and may necessitate the altering of the list.

Image Rights and Format The Photographer maintains full rights to images photographed under this agreement, and may reproduce them in any form as well as license the rights commercially. The Client receives a permanent license to the images for **personal use** and reproduction (including printing and emailing). The client may not use the images for commercial purposes. The client will receive all of the full resolution images on archival CD-R's and in the JPEG file format. Images will receive basic color and exposure corrections. Reproduction quality will depend on the properties of the devices that the images will be printed to. Clients are encouraged to use Mic's Pics Photo & Digital Solutions for any photo reproductions to insure proper quality of your memories.

Receiving Images On average, photos will be delivered 2 weeks after the Wedding Date. Images will be available online at the same time. Photos will stay online for Six months, after which, they will be removed. Photos can be posted again for another Six months for a \$40 fee.

Once the client has the images on CD, Precious Moments is not obligated to have the files on hand - however Precious Moments does archive and back-up every image, so the images should always be available through them.

Limited Liability The Photographer's liability is limited to fulfilling this agreement or to return all deposits made by the Client.

Being on Time Both the Photographer and Client are expected to be on time and ready for photography according to the times stated above. If the client or anyone from their party is late, the time the photographer spends waiting will still be counted towards the time agreed upon in this contract. Additional photography time can be added for any reason at the time of the shoot, but the Client agrees that time will cost an additional \$75/half hour. If the Photographer is late, the time the client spends waiting for the Photographer is NOT counted toward the time agreed to in this contract, and the photographer is obligated to fulfill the full amount of time agreed to in this document.

Sole Photographer The client will actively work to help the photographer do their job by ensuring that videographers and amateur photographers don't get in the way. In the end, however, the Photographer will be paid even if the client allows others to get in the way. In other words, relatives and friends CAN take pictures while the photographer is working IF the Client allows it, but they might impair the photographer's work and the eventual quality of the products.

Agreement This agreement is between Precious Moments (Videographer) and the "Responsible Party" (Client) as designated below. The Videographer agrees to provide wedding videography at the places, dates, and times specified in the "Wedding Info & Estimate." If, for any reason, he cannot fill that obligation, the Videographer must provide a substitute of his choosing to provide the same service. The \$200.00 non-refundable deposit secures the dates and times for videography. Although the deposit is not refundable, if the wedding is cancelled, it will remain as a 2-year studio credit toward a wedding video. The Client agrees to pay the balance of the payment at least on or before the event.

Wedding Videography The Videographer will do his best to capture the day in a manner that is pleasing to the clients. Precious Moments is not responsible for capturing video shots that aren't requested. The Videographer is experienced and will, by default, seek to capture traditional and candid video shots (as well as time and circumstances allow). If the Responsible Party has certain angles, shots, or montages they wish captured, then they are required to inform the Videographer of the shots via email prior to the wedding day.

Video Rights and Format The Videographer maintains the right to use the video captured under this contract for advertising and portfolio use. This includes all commercial rights and use of the video including, but not limited to distribution of the video on Precious Moments website as a portfolio piece. The video will be given as a DVD-R that is compatible with most contemporary DVD players. The Videographer is not responsible if your DVD player is not compatible with the common standard we use. The Responsible Party is responsible to try slideshows out on the DVD player they plan on using BEFORE the reception to ensure compatibility.

Receiving Videos The client will receive their video within 4-6 weeks after the wedding date. A copy of the final project will be stored on site and usually will be available if additional copies are needed. However, we do not guarantee that your video will always be available. The Client is responsible to purchase as many DVDs as they require at the same time they order their original video. We will provide a copy of the DVD to the Bride/ Groom and two extra copies for parents as a form of protection if the original video is lost/stolen/destroyed.

Re-Edits The Videographer will attempt to present a "working copy" of the video(s). We will use our best judgement on all edits of the video.

If there is a problem with the video the Videographer will work to remedy the problem. Any re-edits of the video will be billed at \$100/hr for the time involved.

Limited Liability The Videographer's liability is limited to fulfilling this agreement or to return all deposits made by the Client. The Videographer will take utmost care to produce a tape of good quality. However, The Videographer will not be held responsible for circumstances beyond their control, including but not limited to power failure, equipment malfunction, and defective tape stock or client misuse of equipment. If filming is prevented due to such occurrences, all money paid will be refunded. **Being on Time** Both the Videographer and Client are expected to be on time and ready for videography according to the times stated above. If the client or anyone from their party is late, the time the Videographer spends waiting will still be counted towards the time agreed upon in this contract. If the Videographer is late, the time the client spends waiting for the Videographer is NOT counted toward the time agreed to in this contract, and the Videographer is obligated to fulfill the full amount of time agreed to in this document.

Sole Videographer The client will actively work to help the Videographer do their job by ensuring that amateur photographers and videographers don't get in the way. In the end, however, Precious Moments will be paid even if the client allows others to get in the way. In other words, relatives and friends CAN take pictures and video while the Videographer is working IF the Client allows it, but they might impair the Videographer's work and the eventual quality of the products.
